

**The International Association of Lions Clubs  
District 14-K  
2017 Annual District Bowl-A-Thon**

To all Lions, Lioness, and Leos:

The 2017 Bowl-A-Thon is being held on **Sunday, April 23** at the following locations:

**Jordan Lanes**                      **11:00 am and 1:00 pm**  
**73 Jordan Parkway**  
**Whitehall, PA 18052**

**Hampton Lanes**                      **1:00 pm only**  
**326 Main Street**  
**Northampton, PA 18067**

The Bowl-A-Thon is an easy fundraiser for your club and the District. Your club received **60%** of the pledges and the District receives **40%**.

Attached to this email with this letter is a pledge sheet. Please print as many as you need. I will need a copy of this form on the day of the Bowl-A-Thon. I will have forms available at the District Convention.

The bowlers with the highest and second highest pledges will receive \$50.00 and \$25.00 respectively once all pledges for their club are paid.

Please let me know via email at [kbrady@northampton.edu](mailto:kbrady@northampton.edu) or phone 610-865-0900 who in your club will be responsible for this project. I'll need to know the number of bowlers, where they are bowling, and if bowling at Jordan Lanes, what time they will bowl. I need to notify the lanes one week prior to the event of the number of people who will be bowling. Since the Sunday prior is Easter, I am going to ask if you can have the information to me by the end of the day on Friday, April 14 so that I can make the phone calls on Saturday.

Bring a copy of your pledge sheet along the day of the event. I will have someone at each location to check the bowlers in, collect their pledge sheets, and help as needed. I will let you know later who they will be.

All pledges should be paid by May 12. Please have your club treasurer send one check payable to District 14-K to: Lion Karen Brady, 3817 Christian Spring Road, Bethlehem, PA 18020-9470.

Please come out and bowl and enjoy the fellowship of other Lions, Lioness, and Leos.

Yours in Lionism,

Lion Karen Brady, CC, IPDG
