

SERVICE SPOTLIGHT

Northern Lehigh Food Bank: A Legacy of Service Since 1987

The Northern Lehigh Food Bank has been a vital source of hope and nutrition for local families since its founding in 1987. Established as the "Wish Circle" of St. John's Lutheran Church, the food bank began with the compassion and determination of 13 families who recognized the growing need within their community. What started as a small, faith-driven initiative has grown into one of the region's most reliable lifelines for families facing food insecurity.

The Northern Lehigh Food Bank also extends its support to other community organizations, ensuring that surplus food benefits as many people as possible. By sharing resources, the food bank helps strengthen the regional support system and reduce food waste while reaching additional individuals in need.

District 14K had a fantastic showing at the US/Canada Lions Forum. There were 10 Lions in attendance at Atlantic City. They had so many learning sessions for opportunities to gain insight on new and different ways to serve communities. Several are listed below:

- Attend public meetings in your community to learn of the needs in the community.
- Think of how to create a family space so parents and children can attend together.
- Create your own service tour by traveling to other clubs service projects to help.
- Hold a meeting to invite a representative from the public service groups, municipal, fire, police library, school, chambers.
- Hold a meeting with hospital and mental health leaders to find their needs.
- Attend community events to build trust with community members.

So many other ideas were shared. It was well worth the time to attend this event. I would be happy to come to your club and share with your club other ideas and help you plan an event.

Our Constitutional Area 1 trainings have spoken about doing a service awareness event in areas where we have lost clubs or club membership has slipped into the single digits. At these events, we would have prepared items to hand out for humanitarian causes similar to the items we provide to Street Medicine and the items collected and prepared at the District Rally. Please contact me if you are interested in a project of this nature and I will be happy to assist in organizing the event and attend the event with your club.

Lions Clubs International FOUNDATION

Fundraising Update – as of October 31, 2025* - Thank you!

- District 14K / club and individual donations - \$6,741.02 raised* (29% of goal). Minimum Goal per person - \$34.00.
- Approximately 4% of club presidents have made donations to LCIF this Lions year. Club presidents are encouraged to lead by example. Recognizing no gift is too small: we all have different financial resources, and we give to many different charities. Thank you for any contribution!

Upcoming Events

GIVING TUESDAY – December 2

This is an opportunity for Lions to use social media to tell our stories and invite non-Lions to contribute to LCIF. Use your creativity on FB and other platforms to highlight LCIF's impact in your communities and around the world. Together, we can amplify awareness and generosity in a big way. You'll find ready-to-use images, templates, and other helpful materials in the CA1 Resource Center Folder-Fundraising GivingTuesday.

Worldwide Reporting Day (WWRD) – December 2

Share your fundraisers, especially those that are new, creative, or unique. o Sharing ideas helps all of us grow – peer-to-peer learning is key •

MELVIN JONES BIRTHDAY CELEBRATION

In honor of Lion Melvin's 147th birthday, any Lion or non-Lion (everyone) who donates \$147 to LCIF prior to his birthday will receive a limited-edition pin. o Be sure to note in the website's comment section that you would like the limited-edition pin.
Spread the word – *Lions love pins!*

Year-End Appeal - Many clubs make donations at the end of the Lions year. Continue to encourage and remind them of the importance of contributing.

Charitable IRA Rollovers - LCIF will soon release information on how Lions can use charitable IRA rollovers to make donations. This allows members who must take required minimum distributions to reduce their tax liability while helping our Foundation serve others.

Disaster Relief: LCIF support for the devastation left behind from Typhoon Halong. District 49A has already applied for an emergency grant to assist with disaster relief efforts. Conversely, District 49B has not requested a grant at this time, citing the robust support provided by Alaska Native Corporations along the Northwest coast. Communication remains ongoing with Lions Clubs in the affected communities of Nome and Kotzebue.

Enjoy the holidays!

The Foundation is designed only for providing RESEARCH - not conservation or other help for the hearing impaired. Research grants are provided for researchers only in the state of Pennsylvania. 100% of the money contributed by the Lions of Pennsylvania is used for research - not for expenses!

The success of the Pennsylvania Lions Hearing Research Foundation needs the support of the entire Lions family

Copyright 2021 - Pennsylvania Lions Hearing Research Foundation.

ONLY THROUGH RESEARCH CAN WE ELIMINATE HEARING IMPAIRMENT AND DEAFNESS!

Wouldn't it be great if everybody could listen? Unfortunately, there are more Americans with a hearing impairment than there are with heart disease, kidney disease, cancer, multiple sclerosis, venereal disease, TB, and blindness-combined! **There are twice as many deaf people as there are blind people,** and yet hearing impairment is America's least recognized affliction. Dr. Robert Ruben of Albert Einstein College of Medicine in New York said. "When it comes to deafness. we are hideously backward."

Helen Keller, who was both blind and deaf, said, "I have found deafness to be a much greater handicap than blindness. I have come to regard hearing as the key sense. Deafness is a much worst misfortune than blindness for it means the loss of the most vital stimulus the sound of the voice that brings language. sets thoughts astir and keeps us in the intellectual company of men.

Deafness, by fettering the power of utterance. cheats many of their birthright of knowledge A child born deaf cannot learn easily because he cannot hear anything to imitate it is definitely harder for the deaf to grasp concrete facts, much less ponder on the abstract,"

BEACON LODGE

Beacon Lodge Fall Fest was held on November 15th. They had a good variety of activities for the local families, including pony rides, petting zoo, zip lining, rock climbing, craft vendors, great food, a DJ, a giant Christmas Stocking valued at \$250 & food trucks. The lucky drawn on Nov 15th was PDG Dennis Butz. It was a beautiful time in Mount Union this Fall.

Most of you have seen or heard of the brick walkway that honors our living and deceased Lions. We are in the process of creating a Veterans walkway to honor current and past Veterans. Stay tuned for more details as this project progresses. It will be in a separate location

from where the current brick walkway is located. Please remember the "500 Club", which helps with the upkeep of the 100 year old camp. Every club has received an invitation to participate. If every Lion in the state of PA (15,000) would contribute just \$5 it would bring in over \$75,000. Sadly, only about 5,000 Lions actually contribute. Please ask your club to help.

We continue to work hard to keep Beacon Lodge successful. Your help in recommending campers or Veterans for Project New Hope is always appreciated.

Lead to Serve,
Serve to Lead.

"TOGETHER AS ONE"

The 2025-2026 Peace Contest, 'Together As One', came to a close.

We received entries from 4 different clubs this year: 3 clubs with 4 Peace Posters entries; and for the first time in a very long time, a Peace Essay sponsored by our Sights for Hope Lions Club!

All entries were due before the start of the November 15th District Cabinet Meeting. Everyone at the meeting cast two votes for their favorite posters based on originality, artistic merit, and expression of this year's theme. The poster with the most votes went on to the State Level competition.

Our first and only Peace Essay entry, written by 13 year old Caroline Rach, is our District Winner and will also be sent on to the State Level Competition. It was presented at the Cabinet Meeting for all interested Lions to read.

The Peace Essay Contest always has the same theme as the Peace Poster Contest and is open to all visually-impaired students aged 11-13. Any club can sponsor either an individual or group. Get ready to see some beautiful posters and read a beautiful essay!

GLOBAL LEADERSHIP TEAM

DISTRICT LEADERSHIP NEEDED!

We have asked many Lions to consider taking on the 1st and 2nd Vice District Governor positions but no one seems to be interested. I know many of you still work but I can tell you many of our Past District Governors worked while serving as Vice District Governor and District Governor. We are in need of a 1st Vice District Governor so they can start their training to serve as District Governor next year (2026-2027). If you are interested, please reach out to me or Past District Governor Fred Folland. If you know someone who might be interested, please reach out to one of us and we will contact them. The future of our district is at stake here. Without a District Governor next year we won't have a District. I don't think we want to travel to the Poconos or Buck or Berks counties for our District meetings. Please consider one of these important positions.

If your club feels you need training, please contact us and we will arrange to visit your club for training or to hold District-wide training.

Remember, we are here to help you. Feel free to reach out with any questions or concerns.

District Governor's Message

DG Dan Lombardo, Lehigh Township Lions Club

Hello Fellow Lions of District 14K,

“My District Governorship is flying by. I am enjoying this so much more the second time around. Between Visitations, helping at Club Fundraisers, being invited to events such as Charter Nights along with meetings and getting to know our District Lions better, it's been wonderful. We have a great District and I just want to let you know the pleasure is mine to know so many people that want to give back in any capacity. Thank you all!

If I have not reached out to schedule my visitation, let me know. If you have a fundraiser you could use a hand at, let me know. I've done Chicken BBQ's, Fish Frys and Hot Dog rollers. I can't wait to make some Chowder.

Leadership roles are available.

Let's all be thankful for what we have and what we give!
