

Lions, Lionesses & Leos,

We are about to begin another year of service to our Lehigh and Northampton County communities. I thank you for the opportunity to serve as your District Governor. We can look back over our accomplishments with pride, but as we look ahead, we see the need for our service never ends. We are always "STRIVING FOR A BETTER TOMORROW."

Our LCI President Mahendra Amarasuriya's motto "Challenge to Change" reminds us that we must be willing to change if change is needed. We must be open to improvement through change.

I call upon all members to help the new cabinet and me face the challenges ahead and for all members to attain a closer fellowship with each other that will promote more inter-club and district participation. If we enjoy our association with each other we are more likely to participate in our common goal of service to others.

Collectively, we can accomplish all things. I'm committed and I need your support in "STRIVING FOR A BETTER TOMMORROW".

My spouse Lion/Lioness Carol and I look forward to the year ahead.

Yours in Lionism,

A handwritten signature in cursive script that reads "Larry E. Snyder".

Lion Larry E. Snyder  
District Governor
